

1969 CYCLONE SPOILER II

SPOILER II

1969 CYCLONE SPOILER II

The Cyclone Spoiler II, developed along with the Torino Talladega was one of Ford's "Winged Warriors" from '69. This car is based on an original race car built in the early 70's by Tom "Tiger" Pistone. In the mid 90's John Craft, a noted NASCAR historian found the car in a Tennessee junkyard and restored it to Cale Yarborough's / Wood Brothers specifications, using many Holman & Moody components. Powered by a period NASCAR spec 429 racing engine closely replicating the engine Yarborough used to win the 1969 Atlanta 500. A proper Ford toploader transmission, and NOS Goodyear Blue Streak racing tires complete this recreated superspeedway car. Eligible for the Historic Grand National Stock Car Group !

PRICED AT \$125,000
